

Introducing the Payback Business Partner Programme

We are pleased to announce the launch of the Payback Business Partner Programme. This programme offers you many advantages. Our generous package of incentives includes:

Flexibility

You can sell as many or as few licences as you like; there are no targets or obligations to meet. We believe that we can promote a healthier business partnership by offering you generous commission instead. We also understand that your business needs may be different from others. You may wish to actively sell Payback as part of your core business, or you might wish to take a more passive approach.

Simple sign-up procedure

Once you have registered as a Payback reseller, we will then send you your free software start-up pack and marketing materials. The only action you have to take is to complete and return the enclosed application form. We won't charge you to become a Payback Business Partner. There are no hidden costs associated with this offer.

Price match promise

We will offer more commission than any other Payroll reseller programme you may be participating in.

Choice of Partner types

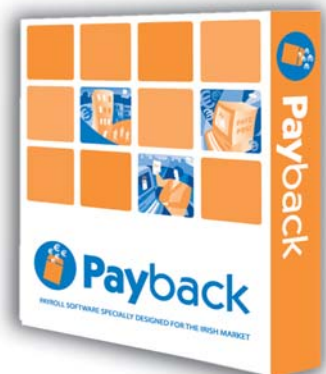

- *Payback Sales Partner*
Business Partners who are accredited to sell Payback, and refer customers to Payback for support.
- *Payback Value Added Partner*
Business Partners who offer sales, training and technical support services.

Superb software

Payback server has all the features of our main competitors. It is developed exclusively for the Irish market, with particular emphasis on Irish Employment law. Our Benefit In Kind and Disability Benefit wizards are a breeze to use. We also have a unique timesheets facility, which is fully and seamlessly integrated with Payback Server.

Payback Server truly is exceptional. Try out Payback Unlimited, by downloading from:
